

CET Partnership

The Clean Energy Transition Partnership (CETPartnership) is a transnational initiative on joint Research, Technological Development and Innovation (RTDI) programming to boost and accelerate the energy transition, building upon regional and national RTDI funding programmes. This articulates the common goal of:

Building innovation ecosystems that support capacity building at all levels

Developing and demonstrating technology and solutions for the transition of energy systems

Building a transnational transformative Joint Programming Platform

CET Partnership

The CETPartnership aims to empower the clean energy transition and contribute to the EU's goal of becoming the first climate-neutral continent by 2050, by pooling national and regional RDTI funding for a broad variety of technologies and system solutions required to make the transition. In that sense, the CETPartnership establishes the following 7 Transition Initiatives (TRIs), as the thematic configurations of CETPartnership funding partners in order to work together on:

1

Organising target group oriented stakeholder management and communication in the field

2

Developing thematic modules for the annual joint calls

3

Implementing accompanying activities on knowledge management and maximising impact

TRI 1: Integrated Net-zero-emissions Energy System

TRI 2: Enhanced zero emission Power Technologies

TRI 3: Enabling Climate Neutrality with Storage Technologies, Renewable Fuels and CCU/CCS

TRI 4: Efficient zero emission Heating and Cooling Solutions

TRI 5: Integrated Regional Energy Systems

TRI 6: Integrated Industrial Energy Systems

TRI 7: Integration in the Built Environment

CET Partnership

The CETPartnership enables 70 national and regional RTDI programme owners and managers from 32 countries (26 EU Member States and 5 Associated Countries and one associated partner) to align their priorities, pool national budgets of 210 Mill EUR for two joint calls in 2022 and 2023, as well as to implement annual joint calls from 2022 to 2027.

The CETPartnership First Call, to be officially launched on September 2022, will be structured into thematic modules. Each Transition Initiative (TRI) will develop one or two Call modules based on their strategic topics and content, allowing to cover the whole spectrum of their specific SRIA challenges.
