

Achieving the Energy Union? Member States & the power sector in the Spotlight

19 November 2015

Albert Hall, 9 Av Eudore Pirmez, 1040 Brussels

This conference will take place immediately after the publication of the European Commission's **State of the Energy Union report** and will offer a chance to discuss: How should Europe's energy future be further defined? How can the necessary investor confidence be achieved?

Vice President Maroš Šefčovič will be delivering the end keynote speech.
